Name: _____

Complementary and Supplementary Angles

Find each complement or supplement.

1. supplement of 22° = _____
2. supplement of 20° = _____
3. supplement of 44° = _____
4. complement of 57° = _____
5. supplement of 129° = _____
6. supplement of 50° = _____
7. supplement of 25° = _____
8. supplement of 136° = _____
9. complement of 61° = _____
10. supplement of 78° = _____
11. supplement of 92° = _____
12. complement of 15° = _____
13. complement of 78° = _____
14. complement of 84° = _____
15. supplement of 119° = _____
16. supplement of 64° = _____
17. supplement of 23° = _____
18. complement of 81° = _____
19. complement of 28° = _____
20. supplement of 84° = _____

Name: **ANSWER KEY**

Complementary and Supplementary Angles

Find each complement or supplement.

1. supplement of 22° = 158°
2. supplement of 20° = 160°
3. supplement of 44° = 136°
4. complement of 57° = 33°
5. supplement of 129° = 51°
6. supplement of 50° = 130°
7. supplement of 25° = 155°
8. supplement of 136° = 44°
9. complement of 61° = 29°
10. supplement of 78° = 102°
11. supplement of 92° = 88°
12. complement of 15° = 75°
13. complement of 78° = 12°
14. complement of 84° = 6°
15. supplement of 119° = 61°
16. supplement of 64° = 116°
17. supplement of 23° = 157°
18. complement of 81° = 9°
19. complement of 28° = 62°
20. supplement of 84° = 96°
