Name: _____

Volume of Composite Figures

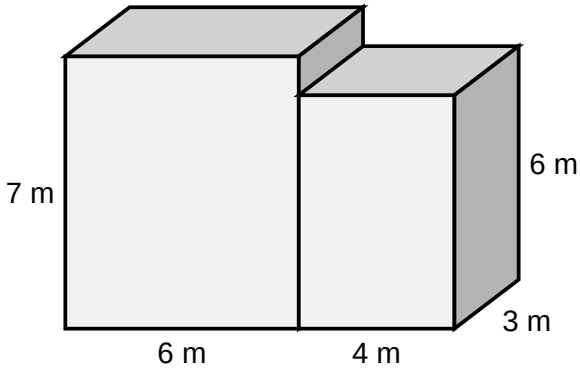

Each figure is made of two rectangular prisms. Find the volume of each part, then add.

1.

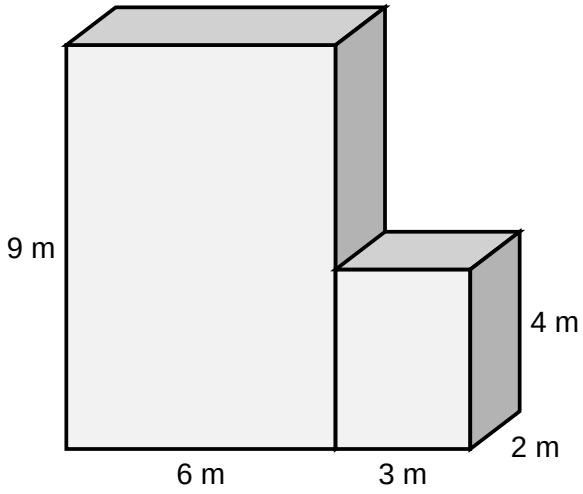

Total volume = _____ cubic m

2.

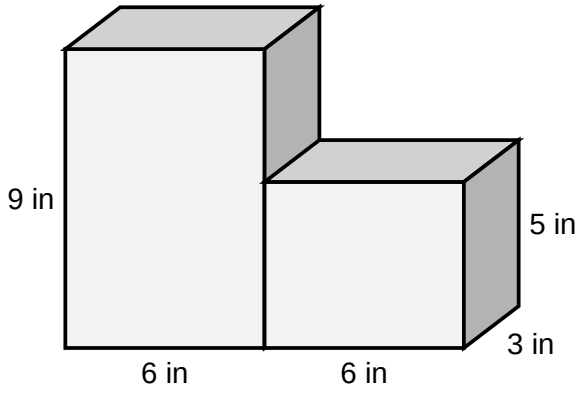

Total volume = _____ cubic m

3.

Total volume = _____ cubic m

4.

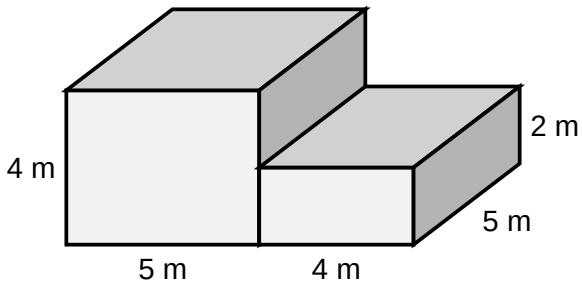

Total volume = _____ cubic in

Name: **ANSWER KEY**

Volume of Composite Figures

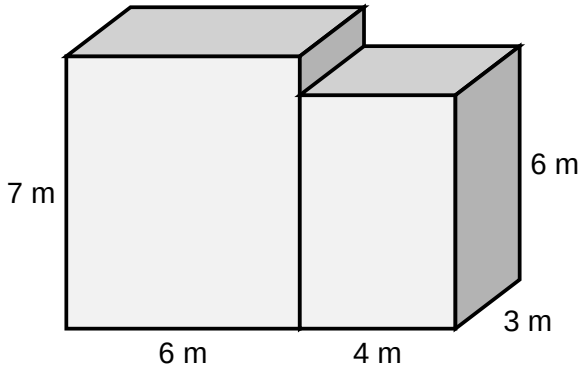

Each figure is made of two rectangular prisms. Find the volume of each part, then add.

1.

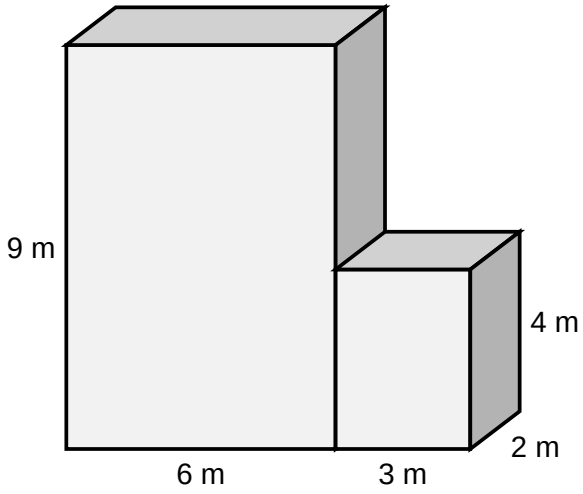

Total volume = **140** cubic m

2.

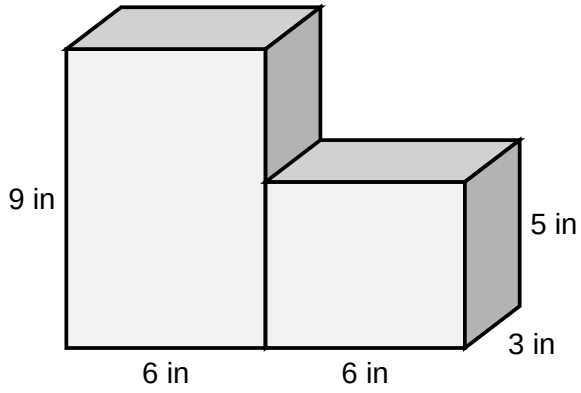

Total volume = **198** cubic m

3.

Total volume = **132** cubic m

4.

Total volume = **252** cubic in
